PECB Certified ISO 26000 Lead Implementer

Master the integration, promotion and management of Social Responsibility Programs (SRP) based on ISO 26000

Why should you attend?

ISO 26000 Lead Implementer training enables you to develop the necessary expertise to support an organization in contributing to sustainable development based on ISO 26000. During this training course, you will also gain a thorough understanding of the core subjects, principles and practices of Social Responsibility and be able to effectively apply them in an organization in order to improve its Social Responsibility performance, engagement and credibility.

After mastering all the necessary concepts of Social Responsibility, you can sit for the exam and apply for a "PECB Certified ISO 26000 Lead Implementer" credential. By holding a PECB Lead Implementer Certificate, you will be able to demonstrate that you have the practical knowledge and professional capabilities to integrate and promote the practices of ISO 26000 in an organization.
